

Touch-Screen Analytical Balances 0.1mg

Description

Touch-Screen Analytical Balances 0.1mg BA-1050T Series feature weighing capacities of 100 g and readabilities of 0.1 mg. Our Analytical Balances are designed with for pharmaceutical, laboratory and regulated weighing in a variety of cell and tissue culture facilities that require the highest accuracy in analytical weighing processes.

Denver Analytical Balances are designed for routine weighing applications in your workplace, offering accuracy and repeatability during essential weighing applications in education, laboratory and, industrial sector. Denver analytical balances deliver competitive performance at an economical price, featuring RS232 connectivity for easy communication, and a backlit display and a simple interface for uncomplicated operation, these balances are perfectly designed for your workplace.

Standard features include Basic functionality for routine weighing applications. Denver analytical balances are equipped with three essential weighing modes, RS232 connectivity for data transfer and storage and internal calibration (in selected models) making them ideal for routine weighing applications.

Designed for uncomplicated operation with easy-to-use display and interface Equipped with an easy-to-read, bright backlit display and a simple user interface, they are incredBTy easy to operate, with almost no training required.

Smart design and durable construction Denver analytical balances have a small footprint which saves on benchtop space while providing a large weighing surface. They are durably constructed, and feature a stainless-steel pan to withstand day-to-day use in the workplace.

Technical:

Model	BA-1350T
Capacity	0 to 180 g
Display	LCD
Resolution	0.1 mg
Pan Dimension	80 mm
Material	Aluminum alloy die cast base; pan-stainless steel
Linearity	±0.2 mg
Calibration	Internal
Measuring Parameters	g/mg/ct/oz
Interface	RS232C
Certification	CE
Stabilization Time	3-5 seconds
Dimension	340x2150x350 mm
Weight	68 kg
Electrical Requirement	AC110V
Catalogue No.	680102001

Shipping:	2 - 3 weeks Delivery.
pan_dimension:	80 mm
calibration:	Internal
reproducibility:	0.00005 g (0.05 mg)
resolution:	0.1 mg
capacity:	0 to 100 g
model:	BA-1050T
